DETAILED ACTION

Response to Amendment

1. Applicant's amendment, filed on January 18, 2008 has been considered and entered in full.
2. Applicant's amendments to the claims have been considered and are persuasive; therefore all the rejections on the respective claims have been withdrawn.

Allowable Subject Matter

Reasons of Allowance:

3. Claims 1-18 are allowed.

The following is an examiner's statement of reasons of allowance:

The closest prior art (Liao et al, "Simultaneous surface approximation and segmentation of complex objects") as cited does not teach "the first partial deformable surface model and the second partial deformable surface model have a prescribed spatial relationship corresponding to distances between portions of the first object and portions of the second object and then using this prescribed spatial relationship for the adaptation" as recited in claims 1, 7 and 8. Therefore claims 1, 7 and 8 are allowed. All other claims depending on claims 1, 7 and 8 are allowable at least by dependency on claims 1, 7 and 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
